

NEW LIGHT WEIGHT & HIGH STRENGTH PAPER FACED CORNICES

PROCORNICETM COVE

Light Weight Cove Cornice
Decorative Finish Between Wall & Ceiling Junction

PROCORNICE™ COVE

ProCornice™ Cove is the new light weight paper faced cove cornice with high strength-to-weight composite design that will complement a variety of décor including classic, modern, and contemporary interiors.

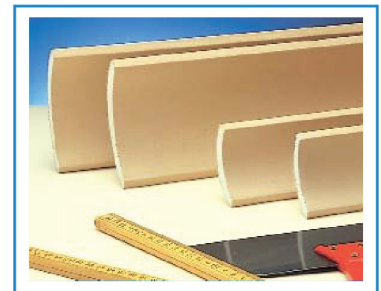

Arish™ new light-weight paper faced cove cornices are comprised of a gypsum plaster core encased with ivory paper liner. The Cove range is one of the easiest way to enchase the Gypsum Board wall/ceiling joints. This functional profile is available with distinctly contoured and defined lines which creates a gentle transition between the wall and ceiling without making a major statement.

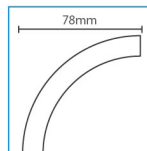

ProCornice Cove is extremely easy to cut, join and paint with no special tools or fixing equipment required, making it a cost-effective way to create great ambience at home or office. it is available in 78mm profile size with the standard length up to 2.4 meters in two design, Classic and Sydney.
